# WHY A "CELEBRATION" THEME?

*celebrate celebrate celebrate*

*As our Senior year began, having a good time was foremost in our thoughts. Just coming off of a carefree summer vacation may have strongly contributed to this unanimous attitude among my classmates. None of the pressures or hassles really seemed relevant in early September (did you ever notice how everything looks different in early September?)*

*Unrelentlessly late September arrived, as did endless homework assignments, three tests in a row and always stuck lockers. Suddenly our Senior year became just another year — the thirteenth year in a row of attending school to be precise.*

*Are all parents famous for quoting "Your high school years are the best times of your life, so make the most of them", I finally asked a friend over cold cafeteria macaroni and cheese. Was I missing something, or was this only school — for heaven's sake!*

*"Make the most of them", that part stayed with me. Did they want us to just party away our Senior year, I wondered. Should we celebrate with balloons, streamers, confetti, presents, corks popping, fireworks, and all those kinds of things. That was the mental image I conjured up, it was the first and probably not the best picture.*

*We'd fast run out of rea-*

# celebrate

*sons to celebrate, I bet my friend. Just name three reasons to celebrate school. Then an intense look came over his face, a look we rarely saw, but when we did we knew we were in trouble.*

*Before I could remove the fork from my mouth and stop him, he began. We could celebrate . . . Homecoming, Pep Assemblies, Halloween Dance, Christmas Vacation, Spring Break, Snow Days, Mardi Gras, Saturnalia, Birthdays, Senior Trip, Prom, Valentines Carnation Sale.*

*"Are you through", I demanded. "No" he blurted out and continued . . . Darien Lake Trip, Sports Banquet, Yearbook Assembly, Senior Play, winning a game, Candy Cane Day, Regents Scholarship winners, Senior Honor Pass, National Honor Society induction, Dinner Dance, Band and Chorus Concerts, French Club trip to France, Graduation . . .*

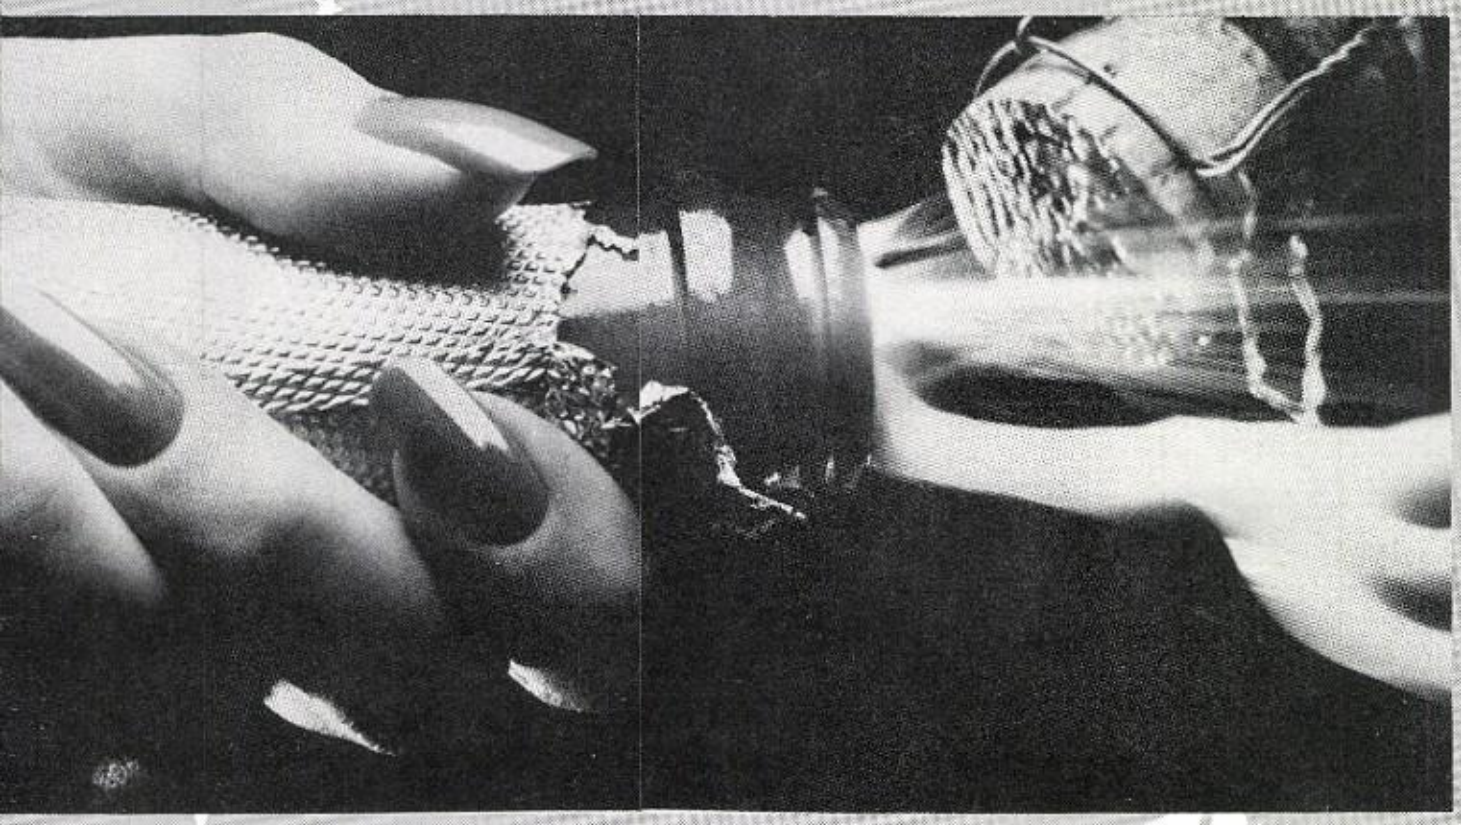
*"There are just a few of the major reasons to CELEBRATE — school. Do you want to hear all the great little things too?" he ended smugly, sat back and folded his arms. "So do you need more?"*

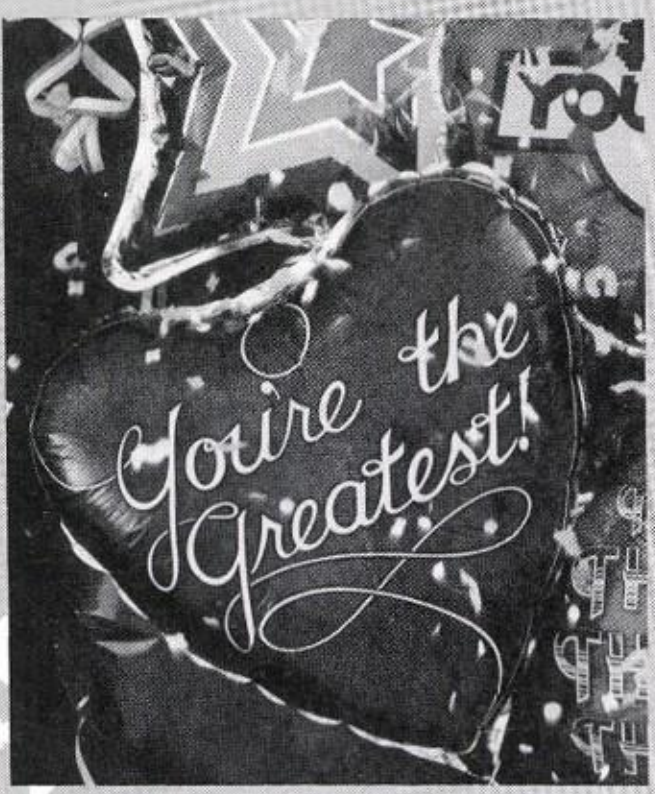
*In less than 45 seconds he had managed to convince doubting me that even life at Haverling can be a CELEBRATION!*

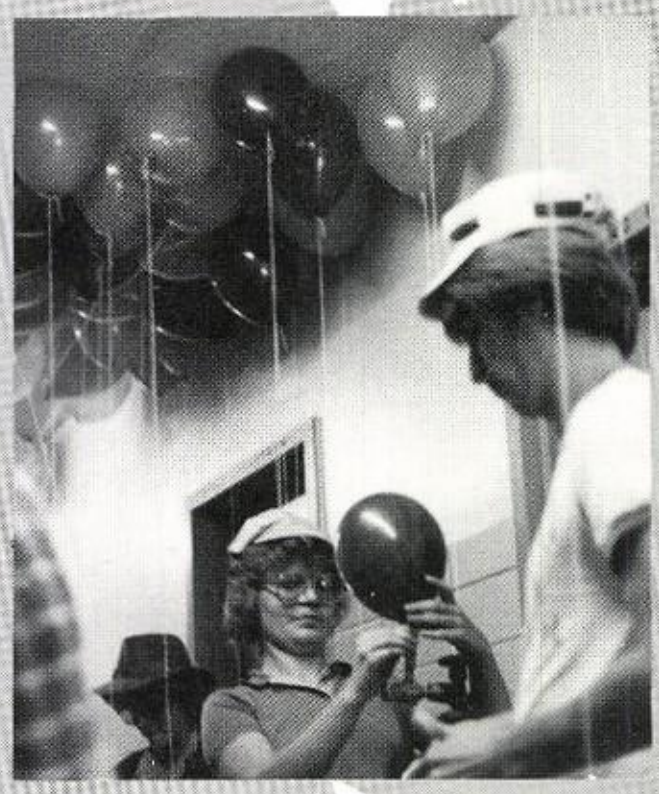
*As reluctant as I was to admit it, maybe, just maybe, my parents were right. This would be the best time of my life, with many reasons to enjoy it, reasons to CELEBRATE.*

*Just promise me that you won't tell my parents that they were right, or they'll just say "I told you so" and I'll never live it down.*

*1. Class Advisor — Miss Covert Class Pres. — Mike Mulford, V. Pres. — Liesa Soles, Treas. — Lisa Kilroy, Sec. — Chris Hyland, S.C. Reps. — Gabrielle Harder and Molly White.*







# HOMECOMING

*celebrate celebrate celebrate*

*The starting gun for the '85 Haverling Homecoming sounded at approximately 1:30 on Friday Oct. 12 when Dennis Prescott proudly carried the official "Not Necessarily the Olympics" torch into the gym. The first of the games was the Ait Jam competition. In that event the gold went to the "Junior Sisters" — Eric Pryor, Adam Deats, and Tony DeSorbo. They gave an outstanding performance with "I'm So Excited."*

*The main events of the "Not Necessarily The Olympics" got into full swing Friday night following the very successful French Club Dinner. Seniors received their first gold in the obstacle course. Winning the event for the seniors were Bridget Bogardus, Lisa Kilroy, Deena Spires, Mike Hayes, Tony Liguori, and Eric Crone. Cindy Minnigh is to be commended for her amazin' footwork for the Juniors, unfortunately Cindy should have been told to kick the egg not squash it!*

*Next was the ever popular tricycle race where training, strategy, and being an average of three feet tall proved to be the Jr. High advantage. The Chubby-Bunnies winner's circle included a tie for the gold between Kirsten Ridley for the juniors and Tony Fowler representing the seniors. With two remaining events the five classes were battling fiercely for the rights to the over-all trophy. Mike Dickson took his rightful position as the undisputed champion of belching. Friday night's athletics ended with the Tug-of-War, won by the freshman, and followed by the bonfire.*

Saturday began with a victory by the J.V. soccer team, followed by the Homecoming parade. The parade brought the Queen and King candidates to the football field for kickoff at 2:00.

Halftime came to see the presentation of the first annual "Not Necessary the Olympics" trophy go to the Senior class. The crown and tiara went to Jeff Lamphier and Lisa Kilroy. Other candidates were Chris Hyland, Matt Kashorek, Leslie Burkland, Dean Everritt, and Jane Sestak escorted by Greg Zarek. Kim Kiff, last year's homecoming queen, was given the honor of crowning the King and Queen. Chicken wings and soda were provided throughout the day by the Senior class. The final event of Homecoming began on schedule at 8 p.m. where many students danced the night away with a little help from the "Rogues." As an added surprise the band was making a music video during the performance.

The 1985 Haverling Homecoming was a huge success due to the help, support, and participation of students and faculty. Special thanks go to Mr. Jones, Miss Signore, Miss Covert, our new class advisors, and all the students who had a hand in making this year's festivities something never to be forgotten.

**Q:** *What has blue skin, a beak, big ears, bows in their hair, bones in their noses, blood streaming down their faces, is religiously with child, wears sunglasses, hops around on 1000 legs, growls, and boogies until midnight?*

**A:** *Haverling's student body at our first Halloween Dance! They definitely shed their studious and conservative facade on that special night. The dance made it possible for both students and teachers to be whomever or whatever they wanted (including a box) for a few precious hours.*

*It was a long time coming, but we finally did it! The first annual Halloween dance at Haverling High School, brought to you by the Senior Class and the Yearbook staff. Halloween, a largely overlooked holiday, mainly thought of for children, has never been celebrated at Haverling the way it was October 26!*

*Punkers, spooks, clowns, babies, a box, and more abstract costumers filled the gym on that unforgettable Halloween night! Imagination was the key to the evening! Masqueraders were greeted at the door by Mickey Mouse and the Boogie Man. (Our own Mr. Jones and Miss Covert!) Once inside they discovered a scare crow, ghosts hanging from the ceiling, skeletons on the walls, gravestones and . . . Blackness! Along with the magnificent decorating scheme, Halloweeners "boogied" the night away to videos and music by Tim Vogel.*

*Prizes were awarded to the cutest, scariest and best overall outfits of the night, during a break from dancing.*

*It was a reassuring display of Haverling imagination, a night to be whatever you wanted to be. However, by Monday, the outlandish costumes were gone and we turned into preppies again.*

# NIGHTS TO CELEBRATE

*celebrate celebrate celebrate*

As we walked into the dimly lit hallway of Haverling Central, the speculation of heaven was already upon us. We crossed over a decorated bridge into a world of fantasy. The walls were decorated in deep blue wall paper printed with soft white stars and parachutes were hanging like clouds over our heads with glitter falling silently. The tables were covered with white cloths and candles. Each person received a tiny blue prom book. The "Rogues" were playing and everyone enjoyed themselves. The crowning was an exciting moment, and many came from outside to watch.

1. The Junior Court: King — Jeff Lamphier, Queen — Linda Tetor, Prince — Greg Zarek, Princess — Chris Hyland, Pages — Tony Fowler and Kelly Shiels. 2. Mr. and Mrs. Latour as angels? 3. # LUAU

As we entered the cafeteria, we found palm trees, coconuts, bananas, and a very Hawaiian atmosphere. The night started as Juniors and Seniors and their dates filled the cafeteria dressed in Hawaiian garb in preparation for the Luau. The traditional Polynesian feast consisted of lamb-shish kabobs, fruit salad, tossed salad, stir-fried vegetables, chicken wings, and for dessert, hot fudge sundaes.

After the guests had consumed all the food they could, they danced to the sounds of "Angel". During a break in dancing, there were awards for the Limbo contest won by Dave Dinehart and a costume contest won by Lisa Kilroy and Dave Orr. All winners won tickets to the Jr-Sr Prom in May.

# SOMETHING TO SMILE ABOUT

*celebrate celebrate celebrate*

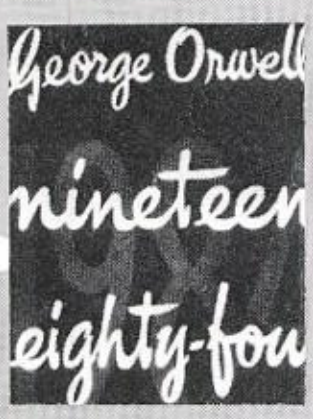
*The year 1984-1985 was certainly something to celebrate about! The Olympic Games provided us with a sense of excitement, even without all those Russian high jumpers and Bulgarian weight lifters. Lady Di's babies continued to bring joy to the world and audiences thrilled to that rock star in the white glove. Man kept expanding his horizons; those as far from home as deep outer space or as close as the cavity of a human chest. America was caught up in a never-ending cheer of "USA, USA". It was the all-purpose chant for the Olympic team as they reached their record 83 gold medals, or for a president seeking re-election.*

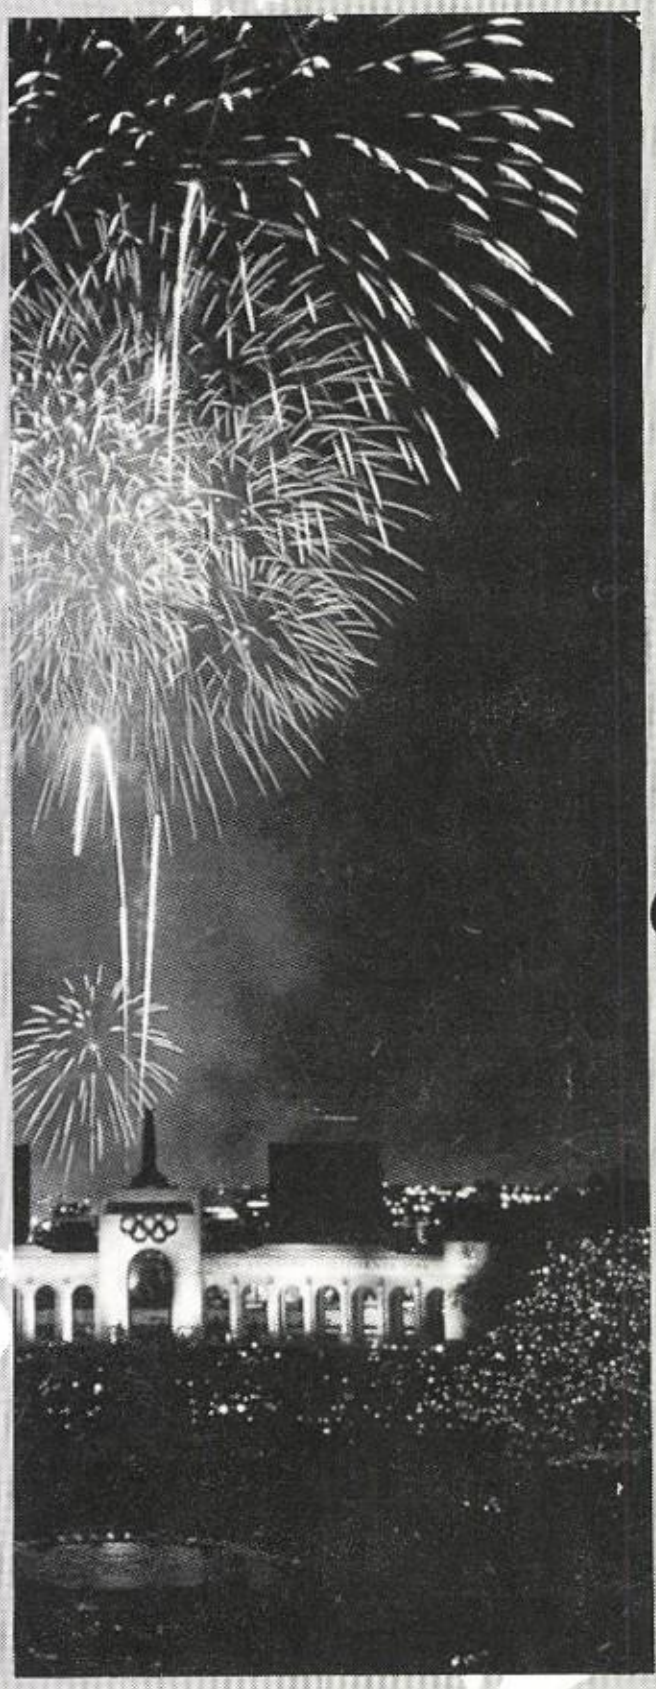
*Clara Peller celebrated with her acting career of that all too memorable promo "Where's the Beef?"; a slogan for Wendy's which also made fast food a three-way contest, and gave Mondale his best line.*

*And what else could Reagan want to celebrate than a tremendous landslide for re-election? His re-election showed how strongly Americans wanted to express their American patriotism and pride once again.*

*Prince, the hot rock star of '84, projected a dark, ambiguous vision in heavy eyeliner and Edwardian punk onstage, in videos, and in his film Purple Rain. His successful career gives him a lot to celebrate!*

*American democracy was once more entering a new world as the Mondale-Ferraro team proclaimed that "America is the land where dreams can come true for all of us". Surging waves of cheers and fears greeted her as she stood before the Democratic Convention in San Francisco July '84 to proclaim her forecoming historical challenge. Geraldine Ferraro showed a sense of stamina and*





*courage we all came to admire, as she ran for the position of the first woman vice-president.*

*The fashion for '84-'85 was the flourescent look; a look to brighten up anyone's day! Orange was matched with green, and hot pink was in, but people turned away from jeans and towards the dressy look.*

*The greeting smile in the NY Harbor even had something to smile about! In the 98th year of the old girls life, Miss Liberty disappeared behind a curtain of scaffolding to have her costume refurbished at a cost of $30 million.*

*Baby Fae, in her three week struggle for life with a baboon's heart, celebrated as she made medical records and started the new era in heart transplants. A controversy arose as Baby Fae appeared to some as a brave experiment in enhancing human life, but to others the surgery appeared to be a publicity stunt or a violation of nature.*

*Princess Di celebrated as her 3rd in line to the British throne was greeted by pealing church bells, legions of well-wishers, and a 41 gun salute from the Royal Artillery.*

*And what a good reason to celebrate as George Orwell's imagined nightmare of 1984 was not our present reality!*

*The two box office smashing hits of the year were Gremlins and Ghostbusters. Gremlins was a fable about Gizmo the Mogwai, and his pals in the most imaginative, cutest, best natured films of the year. It was enough to make you want to go exploring through Chinatown basements. But the Ghostbusters team of Ernie Hudson, Harold Ramis, Dan Aykroyd, and Bill Murray whipped mermaids, gremlins and Indiana Jones to become the biggest-grossing movie of 1984. Made for $38 million, it pulled in more than $200 million in its first 5 months. What a reason to celebrate!*

*As we look back on '84, there is positively something to smile about!*

## HAVERLINGUIST LITERARY STAFF

For someone who is unfamiliar with the creation of the yearbook, it may seem like a piece of cake. But, to the 35 yearbook staff members, our advisor Dan Roemmelt, and Herff Jones representative Charles Bollinger, it was a lot of hard work and dedication to get the job done. Many people don't realize that this was a year round endeavor, starting in May '84 and ending a year later in June '85, at the yearbook assembly. It took many hours of writing and re-writing copy, cropping photos and designing layouts that got it finished.

All those hours of screaming and pulling hair out, because the deadline was two days away and we still didn't have the type sheets and copy done. Looking through countless magazines for interesting and exciting layouts and making up the craziest ideas, because we were so desperate to get it done and hand something in to Charles as he stood there tapping his foot and shaking his head.

If it hadn't been for those summer meetings and yearbook class, we may well have been even further behind. Then, there were the Monday meetings after school, everyone sitting and listening to each other's ideas and voting on our theme, Celebration, our layouts, artwork, how much copy we wanted and who would volunteer to write it.

All that time spent, just about one year and this is the finished product, our 1984-1985 yearbook **CELEBRATION.**

When special people touch our lives,
then suddenly we see
how beautiful and wonderful
our world can really be.
They show us that our special hopes
and dreams can take us far,
by helping us look inward
and believe in who we are.
They bless us with their love and joy
through everything they give —
When special people touch our lives,
they teach us how to live.

Thank you for being that special kind of person who can brighten any minute because of all the thoughtfulness and kindness you put in it. Thank you always Miss Sheri Covert

# SUPERINTENDENT

*Dear Haverling Graduates:*

*It's a grey October day, as I share some thoughts with you about the meaning of your days as a high school student in Haverling. Outside a cold wind shakes the last remaining leaves from the stubborn oaks.*

*Inside these classrooms, you are learning something about literature or history, about driving or health or some career skill. You are planning Student Council events or club activities. You are practicing a wide variety of skills for sports contests just around the corner. You are making friendships — and sometimes breaking them.*

*You are living a little piece of the life that awaits you next June, when you graduate into a larger world.*

*As I write, I wonder what counts the most in these learning experiences. You may have one set of answers now, perhaps another set of answers a few years from now, when you have called upon many of the things you have been learning day by day, incrementally, in the classes and hallways of Haverling.*

*Knowing that a superintendent's words are rarely read and even more rarely noted in a yearbook (because there are so many exciting things to note), these thoughts, none-the-less, contain my own hopes that your memories of your high school days are rich in friendships and full in value of all that you have learned here.*

*As you walk into the future, give your best to all that you do: your work, your friendships, your marriage and family, your fun, and your civic responsibilities.*

*Carry on!*

# WE ARE A PART OF NEW YORK!

*celebrate celebrate celebrate*

Life in the city seemed so attractive to this years Senior class. The neon glow and constant hustle of the city started the trip off with an exotic Chinese dinner and a super play. "The Fantasticks." No one will ever forget that crazy laugh!!!

Every one will always remember "The Magic Pan", famous for its crepes. Our memories will always hold the romantic but chilly ferry ride around Manhattan. The World Trade Center and Empire State building seemed so overwhelming. Enthusiasm filled our hearts as forty five students and six chaperones stood together looking over a city so unfamiliar, but already we felt like we belonged there.

We saw everything from John Lennon's apartment to bag ladies and Harlem.

The third night was enjoyed by everybody as we wined, dined, and were serenaded at Mama Leones, and later saw the play, "Little Shop of Horrors." Next we proceeded to "Something Different" where we were served delicious desserts and everybody sang, clapped and had a good time with unusual singing waiters and waitresses.

As we all rose early the last morning, we ended our sightseeing and stopped for a few hours at The Museum of Natural History.

Behind the scenes was the best part. Now and forever we will cherish these memories, and we wish to share these with you:

# A FUNNY THING . . .

*celebrate celebrate celebrate*

TO-GA, TO-GA, TO-GA were the chants heard from backstage March 28, 29 and 30 as fifty-two seniors were getting psyched up for their performance of "A Funny Thing Happened On The Way To The Forum." This energetic musical comedy, which centers around a house of courtesans and a slave trying to buy his freedom, frequently had the audience interrupting with applause and laughter. Memorable was Chadd donning a blonde wig to portray the virgin and Ted catching a broom thrown from off-stage without missing a beat during the "Maid" number.

Some funny things also happened during the six weeks of rehearsal and many strange quotes were developed by the cast. Here are some of their favorites:

I'm soo lovely
Frdouble
How long does it take for this make-up to wear off?
Out damn spot, those red spots!
Are you decent? No! Good! Here we come!!!
A little pale there, Sue?
What's a Eunuch?
Thank You!
How long do you think it will take to clean this mess up?
Lip prints, gads, thousands of lip prints!!!
LE-ON!!!
Is this a comedy or a tragedy?
Who's playing with the lights?!?
Todd learn how to sit in a dress!
Ted, you dirty old man!
Like a virgin!
Chadd hold up your pants!
So, Mrs. Roemmelt, how are the twins?
Carry my bust with pride!
Into the house, into the house!!
The virgin has changed!
Oh! My gaggle!

Following the final performance, a traditional cast party was held. At this time Haverlings own Academy Awards were held with such awards as:

BEST MALE VOCALS — Leon Bedner and Todd Martin
BEST FEMALE VOCALS — Linda Tetor
BEST ACTOR — Chadd Snell
BEST ACTRESS — Marty Heffner
MOST IMPROVED — Ted Davis
BACKSTAGE HELPERS — Phyllis Martin Lorrie Gaudino
IRISH SPRING AWARD — Ted Davis for his bathing experience

MISS CLAIROL AWARD — Jeni Bocock for her great hair coloring
MISS AMERICA AWARD — Chadd Snell for being soo lovely
MR. AMERICA AWARD — Jackie Wager for lifting the most weight on stage
AIRHEAD AWARD — Linda Tetor for being so dizzy
MR. MODESTY AWARD — Mark Robbins for obvious reasons

Everyone in the cast received an award which was equally as appropriate as those above.

They will never forget the memories or the sparkling grape juice stains on the cafeteria ceiling.

After six weeks of hard work, it really paid off when following the standing ovation one women spoke for many when she said that "Forum" was the best show she had ever seen at Haverling.

The cast was as follows:
Senex: T. Davis, Domina: S. Moon, Hero: T. Martin, Philia: L. Tetor, Hysterium: C. Snell, Pseudolus: L. Bedner, Erronius: E. McKie, Miles: M. Robbins, Lycus: M. Simons, Tintinabula: J. # VARSITY SOCCER

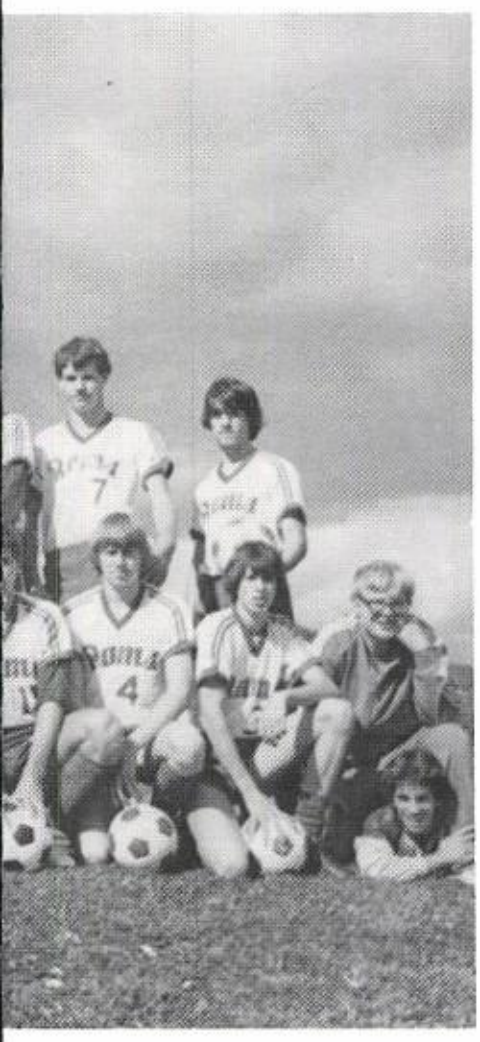
*If you were ever near a Haverling soccer field, you probably heard the ripple of the soccer balls against the nets. It was the 1984 Varsity Soccer Team kicking its way to a 13-1 league record, and 16-5 overall. This team was led by Section Five Class A Coach of the Year, Mr. Hagadorn. Seniors on the team were Dave Dunn, Todd Martin, Greg Zarek, Jeff Wisley, Brad Scott, Joe Rumsey, Jeff Robbins, Mark Robbins, Miguel Fueyo, Tony Liguori, and Andy Nadjadi. Nicknames on the team were Poop, Spam, Sly, Wonderfoot, and Scrubby. Memorable happenings during the year were the 1984 League Champions, and Section Five #1 seed, and Class A Finalists. Favorite wins during the year were the Section Five semifinal win vs Williamson, and the win vs Campbell which wrapped up the #1 seed. The awards that the team earned were Steuben A-B-C League Champions, Class A #1 seed, 1984 Catherman Sportsmanship Award, and Section Five Class A Runner-Up. Mr. Hagadorn felt that what the team accomplished was unbelievable!*

2



# JV SOCCER

The Haverling JV Soccer Team booted its way to a 16-4-2 record. The team was coached by Mr. Latour. Memorable happenings during the season were the win at Arlsport, and five goals by Mike Francis. Nicknames on the team were Beak, Deep, Speed, and Meathead. An unusual moment during the season was when Mike Beyler went to defend the wrong goal! Coach Latour felt that he had the most talented group he has ever had. He also says that it was a very enjoyable and successful season with a lot of hard work put in by the team.

# SOCCER

*This year's soccer season was a dream come true! exclaimed Mrs. Bennett, as you start a season each year, your expectations and hopes are always high and a team works and trains hard for perfection. This year's team met their challenge and continued to strive for perfection and success. I hope that this was our first stepping stone for continued successful seasons. Success is not a perfect undefeated season — success is setting a goal, working together as a team for that goal, respecting the game of soccer and respecting each other. The 1984 Girls Soccer Team had it all — SUCCESS! The girls recorded an amazing record of 17 wins to only 2 losses and became the 1984-85 AA-A-B League Champions. Their most memorable win was against Wellsville (3-2) which advanced them to semi-sectional play. Senior members included Bridget Bogardus, Pam Hamilton, Deena Spires, and Jackie Wager. A few nicknames on the team were Spam, George, Binky, Bogie, and the team name was "Hot Lips".*

*— Bogardus*

2

# TENNIS

*The girls Tennis team had another great season! They accomplished a 9-3 record, 3 members of the team went to sectionals, and 2 advanced to intersectionals. Their favorite win was against Wellsville. Senior members included Deanna Coumbe, Maryann Fratarcangelo, and Lynda Witt. Their most memorable happenings were the mile run, the spin of the racket, Cow Country, "Infatuation", Mama Witt, and "Help me Rhonda, Help, Help me Rhonda." Their most unusual practices were those that included the mile run! The only nicknames on the team were Greco, and Borg. Mrs. Rossi commented, "Our team always put 100% effort in every match they played. What a great group of girls!"*

*1. Deena and Bogardus dribble down the field. 2. Pam and Jackie jump up to head the ball. 3. Maryann lets lose a fast ball to the opposing player.*

# VARSITY FOOTBALL

*Stick together, thats what head coach Don Long and assistant coach Tom Simms stressed all year. They said, "play as a team, not as an individual." These athletes followed that advice. They won and they lost, but they did it as a team.*

*It was a memorable season, who could forget the Homecoming game. It was a hard, well fought battle, but seemingly by fate, it had a frustrating end for our Rams. This team did have its moments, for instance, the Wellsville game. At halftime the team was down by a score of 12 to 6 but, in the second half the team pulled together and made an outstanding comeback to win the game by a final score of 26 to 12.*

*Dean Everritt, Don Hadley, Eric Prior, Mike Matter, and Vince Kashorek all received honorable mention from the Finger Lakes Football Organization, for their outstanding performance during the "84" season. The teams final record was 2 wins — 6 losses.*

*Everritt*

# JV FOOTBALL

This year's JV squad included only two return players from last year's team and twenty-one new players on this year's roster. Although having a lack of experienced players, coaches Thurkins and Kiff felt the team did well and learned a great deal this year. The coaching staff will be expecting alot from this group in "85".

Some memorable events of the season include: Chuck Marvins' fumble recovery which he ran back for a touchdown, and B.J. Brewer's interception that he also ran back for a touchdown. The team did well on defense all year long. They just couldn't seem to get their offense together. The team's greatest moment was their victory over Wellsville by a score of 12-6. The teams final record was 1 win — 5 losses.

# CROSS COUNTRY

*The Cross Country team had another outstanding year. They ended their season with an overall record of 21 and 0. This extends their league win streak to 77 wins and their dual meet win streak to 62 wins. Mr. Versage felt the team had an excellent season. It took a group of winners to put in the many long lonely miles running in the August heat, pouring rains, and the freezing cold of November. Making a goal and then earning it. Mr. Versage also noted Mike Hayes placing fourth in the state meet held in Saratoga Springs. The team members felt good about their season. They had a lot of people who hadn't run before, that really came through when they were needed. It took a lot of work on their part, and they achieved their goal . . . success. Senior members included: Mike Hayes, Matt Kasharek, Keith Nehrke, and Corey Telarico.*

# GIRLS SWIMMING

The Girls Swim team ended a very successful season with a record of 7-6-1. They made a big splash by upsetting some of their unsuspecting rivals. Corning East and Wesr were two such teams. East tried to "pull the plug on Bath", bur they were unsuccessful as the girls defeared them. They also swam well, staying within 12 points of a formidable Elmira Free Academy team. Miss Covert noted that the underclassmen pulled some surprises to help win the close meets, and she cites the strong group of seniors as being a great help this season. Sectionals were held on November 10 at Monroe Community College. The 1st relay ream of Sheils, Teror, Geisz, and Kilroy placed 8th, Linda Teror placed 4th in the 100 yd Breast, Sue Moore placed 9th and 10th in the 200 and 500 yd. Free, and the last relay team of Kilroy, Hampron, White, and Moore placed 9th. After the season was finished, the girls had a dinner at the Village Tavern and they were given special awards denoting what they contributed to the team.

# Fall Cheerleaders

*The fall cheerleaders had a smashing season this school year. The girls put on the first pep assembly of the year and they claim that their cheering was full of crazy and chaotic fun. It was an over-all unforgettable event. The cheerleaders were excited to extend their season by cheering for the soccer semi-final game at Sodus against Williamson, along with the winter cheerleaders. These peppy fall cheerleaders will always cherish the memories of the full moon, the endless chore of making signs, the pep assembly, Ahhh — Beep Beep and "The Brady Bunch" Bunch. Ms. Morris was their advisor, and with her help the girls went on to cheer through sun, snow, sleet, and rain, always eager and willing to support the Haverling Rams.*

# Winter Cheerleaders

*Who always forgot their lollipops, their get up and go and to do the gigolo, and shout enthusiastically "We love you secret pals!"? Why of course it was the 1984-1985 Winter Cheerleaders. This year the girls were chosen in the spring instead of the fall, and Mrs. Herter became a certified coach to top things off. At their first winter pep assembly they proudly revealed their pom-pon routine, and performed to the song "Don't Fight It." The winter cheerleaders will never forget their slumber party at the pep assembly where all twenty cheerleaders came out in P.J.'s "It was an honor this year," comments a winter cheerleader, "to support our team and cheer at the soccer sectionals, which gave us an early start this year." This season was an experience each and every cheerleader will never forget!*

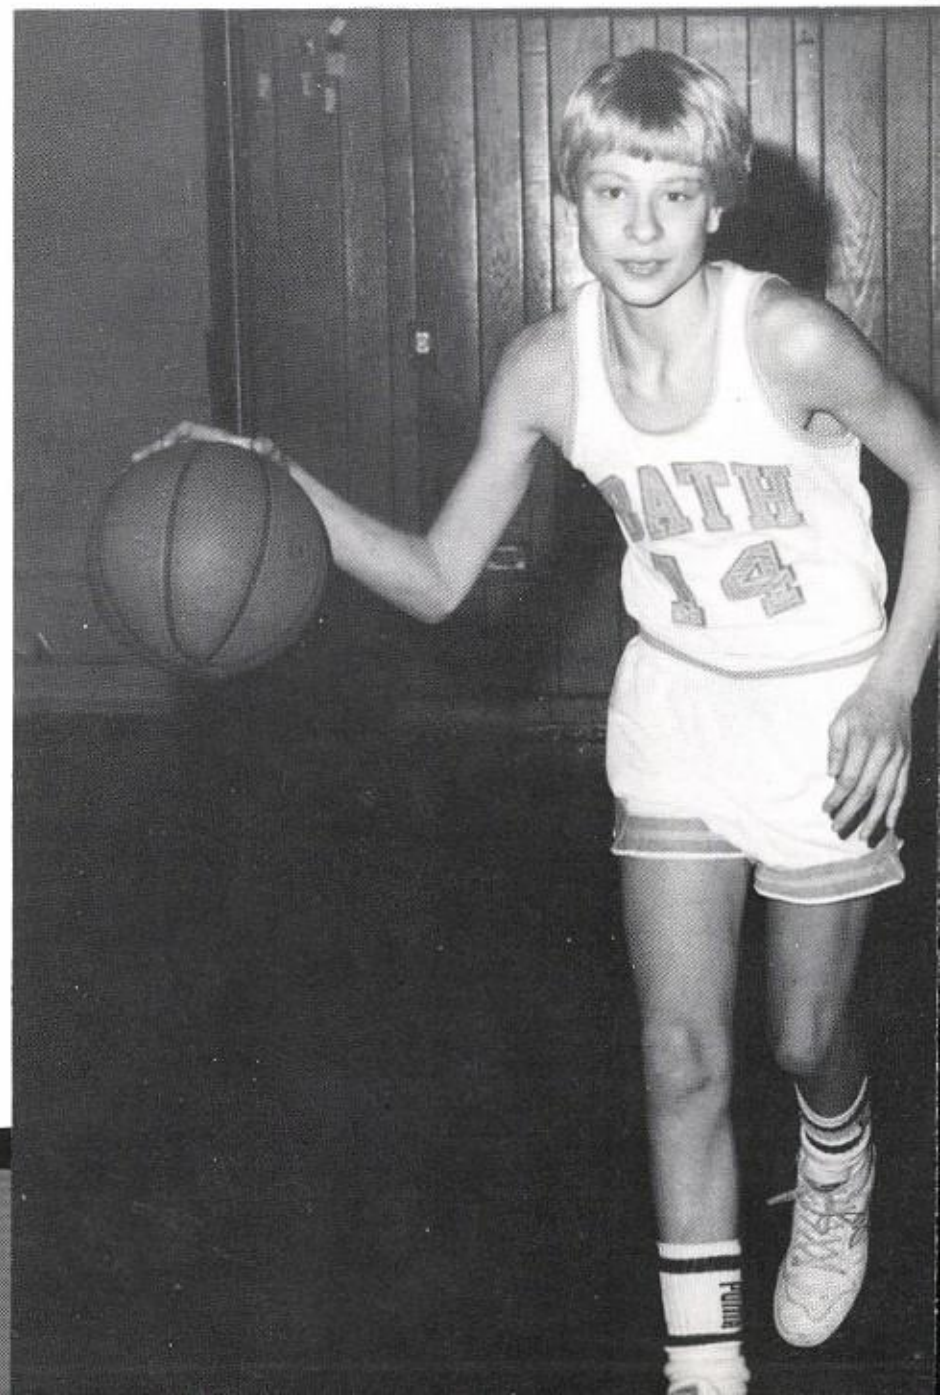
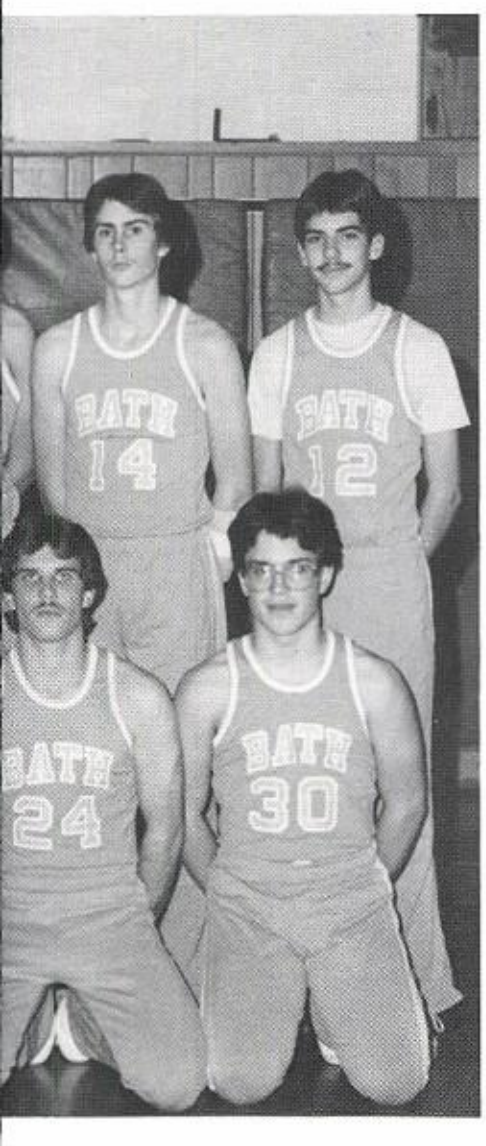
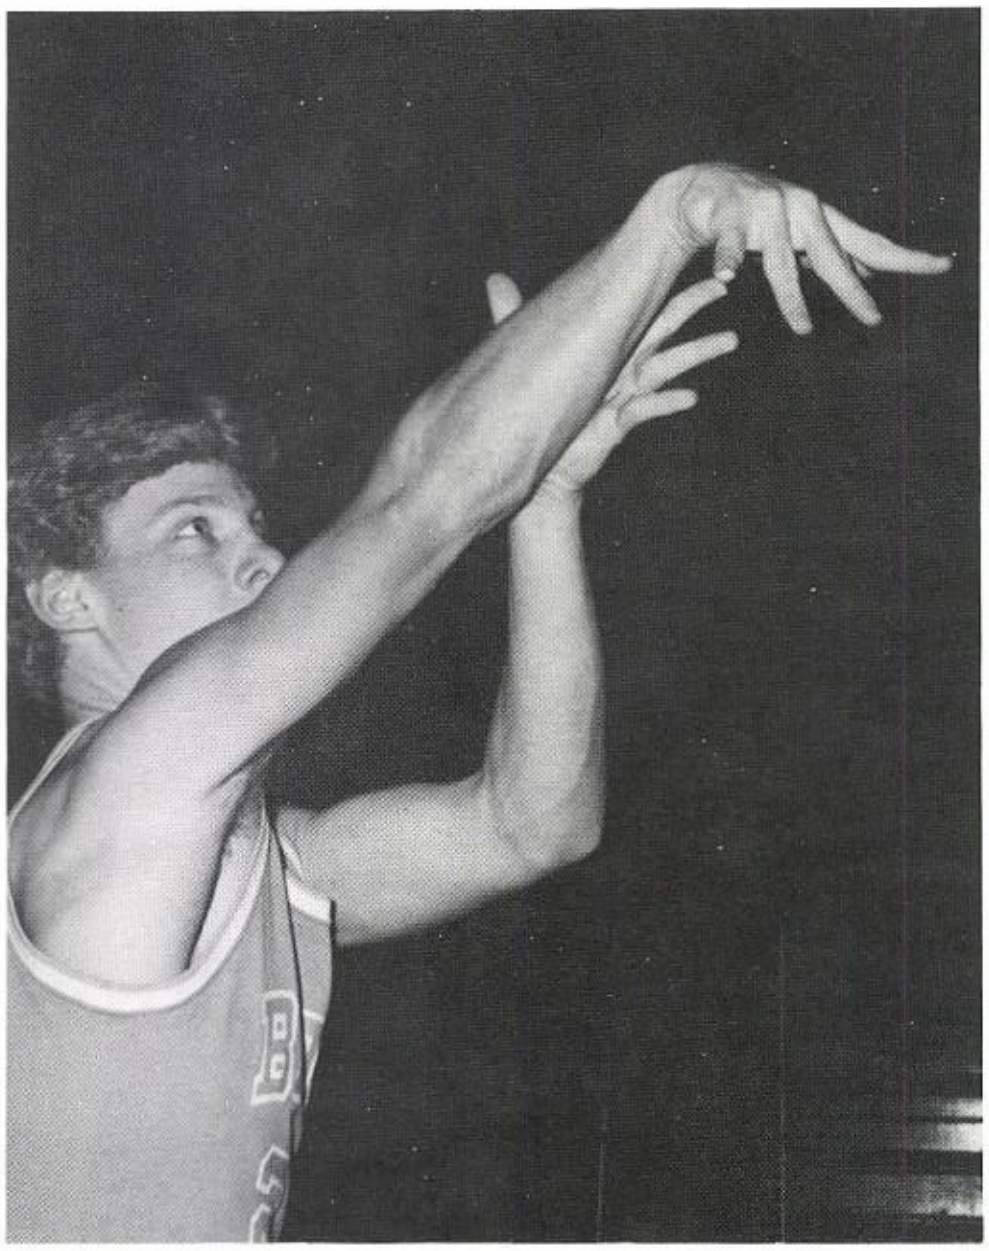
# VARSITY BASKETBALL

*Over the long winter season, if you were awakened from you school daze by the sound of basketballs, it was the Varsity Basketball Team dribbling to a 6-12 record. Senior members on the team were Greg Zarek, Mark Robbins, and Miguel Fueyo. Memorable happenings during the year were having Eric Prior and Mark Witt score 77 & 78 each in a win over Penn Yan, and the total desire by the team, game after game. A most unusual game was the scrimmage with Savona, when the Rams only had four players! To Coach Smith, any win is a favorite win. Coach Smith was excited about the season because, "It was another step forward for the over all program — the Rams are back!"*

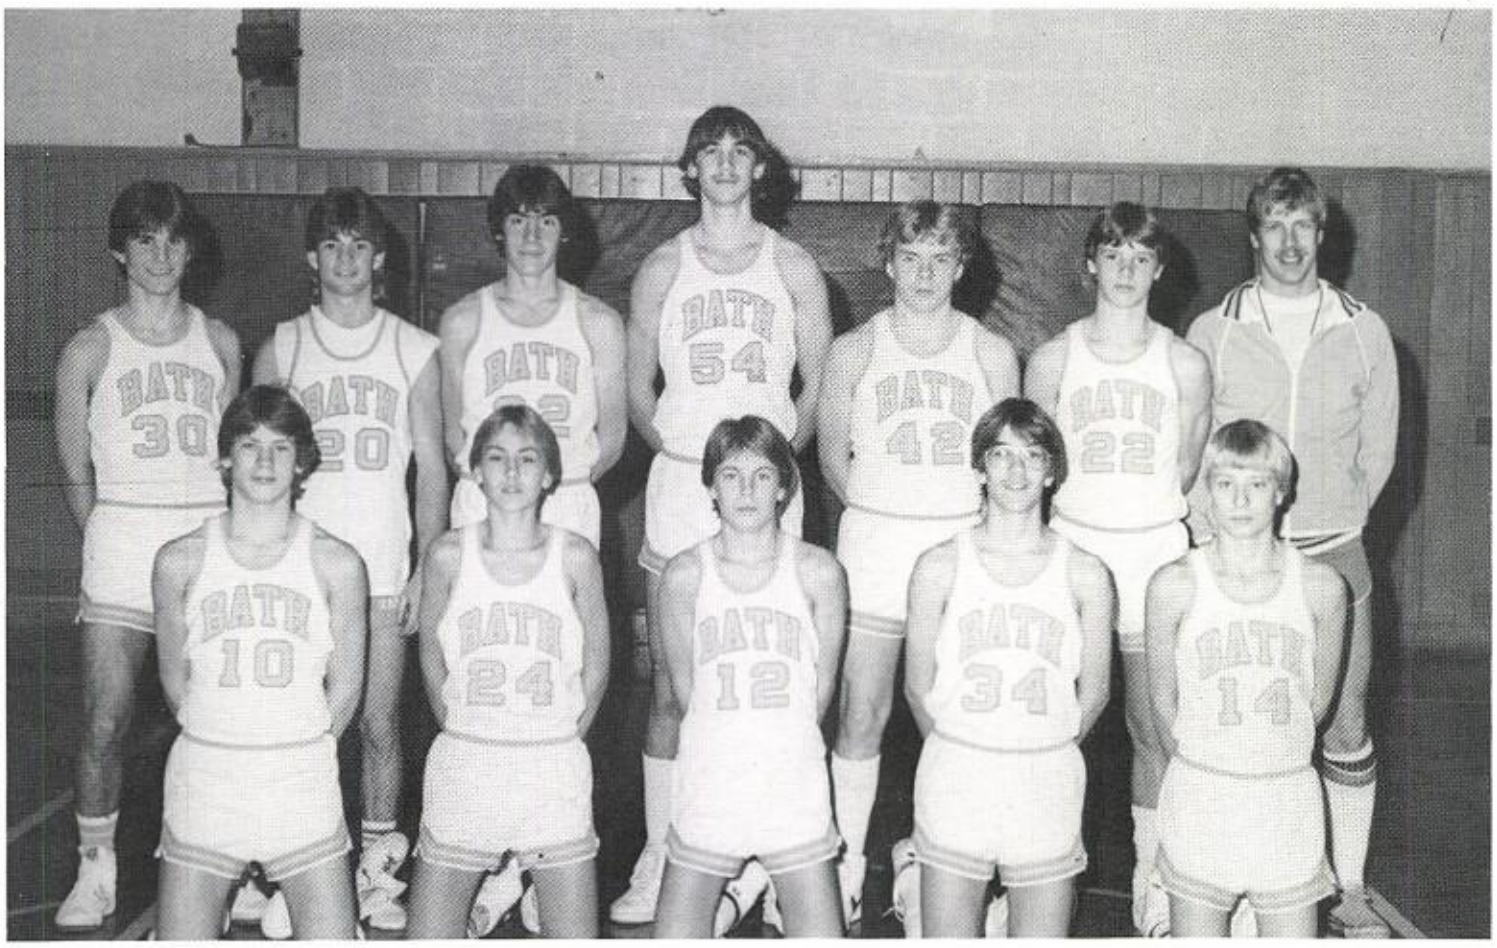


# JV BASKETBALL





During the winter season, the JV Basketball team raced to a 8-9 record, with first year coach Tim Polmanteer at the helm. A memorable happening during the year was giving up 10 points to Canisteo in the last 43 seconds, only to lose by 8 points. A favorite win during the year was beating Corning West at home by two points. Sophomore members on the team were Spongie, Polish, and Speed. This was what Coach Polmanteer felt about the season, "I think this will start to show people in Bath that we will have respectable basketball teams in the future."



ROW 1: T. Sestak, R. Czajkowski, R. Militello, L. Zook, B. Hann

# VOLLEYBALL

Never being on time for their bus trips, hitting the ball with their faces , and running and falling into tables, chairs and wires, were just a few of the many memories for Varsity and J.V. Volleyball teams. Their favorite win was against Canaseraga because it was the first game they won. They really played like professionals! Senior members included Deena Spires, Barbel Supthut, and Linda Lodge; the nicknames included Binky, Amis, and Barbell. Mrs. Rossi commented, "Even though our record was poor, (3-11), I feel we have set the groundwork for next year's team." The J.V.'s record was (6-7). She concluded by stating "Winning doesn't always mean coming in first!"

# BASKETBALL

Although with Girls Basketball team ended up with a 5-13 record, the overall season proved to be a learning and growing experience for the whole group. Not only did each individual improve their own skills; but as the season progressed the teams game improved. Senior members included Julie Anthony, Bridget Bogardus, and Deena Spires. Memorable happenings during the year were having Linda Coors bring the wrong uniform to the Campbell game, and Bernice Frazier forgetting her shorts. Their most favortie win was against Wellsville 38-35, thus giving Wellsville their first defeat. Team nicknames included Binky, Bogie, Todd, Jule, Hel, George, Coorsie, Jo, Sis, and Cuda.

# SWIMMING

*The 1984-1985 Swim team, under the direction of Coach Mike Morris and Assr. Coach Tom Simms had another winning season with a record of 14 and 3. Although it was a winning season, it was not one of the better seasons as Alfred-Almond taught them a rough lesson in swimming. Being led by Senior members — Jeff Lamphier, Tom Schrier, Mike Hayes, Eric Crone, Keith Smith, Ted Davis and Paul Yaninas they would have swim practices consisting of 30 (100's on the 1:30) and Water Polo! The favorite win was an upset victory over Wellsville. Nicknames included — Mohawk (Ted Davis) and Hazel (Mike Hayes).*

# WRESTLING

Varsity Wrestling under the Coaching of David Fiedler and Tom McInroy did not quite match their last years performance, but gave it their all and ended with a record of 3 and 10, even without a single senior. The most memorable happening was when Jim Hopkins was voted the outstanding wrestler at the Midlakes Wrestling Tournament, which was a 1st for any Haverling Wrestler ever since it began at Haverling. John S. Northrup, who decided to retire his job last year, led the team to over 200 wins over 26 years. Good luck in the years to come Mr. Fiedler and Mr. McInroy.

*The softballs were really flying around the diamonds of Haverling when the 1984 Girls Softball Team took the field, with Mrs. Rossi at the helm. The team fought to a 15-4 record, with its most memorable win being against Hornell. The senior members on the team were Deena Spires, Bridget Bogardus, Jackie Wager, Lynda Witt and Lisa Kilroy. Memorable happenings during the year were the Doggie Pile, Mud and Water fights, and throwing Coach Rossi in the showers. A very unusual game was the game against Hornell, when they played in snow, sleet, rain, and finally sun! Some nicknames of the team were T.J., Bogie, Binkey, Kiffer, Jackson, LeRoy, and Leona. Mrs. Rossi said of the season, "The Team played up to their capabilities and displayed a fine attitude throughout the season." The Most Improved Player Award was given to April Hampton. Lynda Witt had this to say about the season, "We played our best games underwater!"*

*Robbins*

# GIRLS TRACK

*If you heard a "whoosh" around the Haverling track, it was probably the Girls Track Team, running to a 16-2 record. Miss Covert was the coach trying to restrain these girls, but she just couldn't do it. Memorable happenings during the year were that every meet was in freezing cold rain. Senior members on the team were Kelly Sheils, Linda Teror, Molly White, JoAnn Finch, and Deanna Coumbe. The reams most favorite win was against Wellsville. A memorable nickname on the team was "Toriano." Some unusual practices were the "New Games" with the Boys Track Team, and Heather Wolfe, Susie Parker, and Vicki Parker playing in the mud. Miss Covert felt that the team had a fine record, and made great improvements in the squad! Heather Wolfe won the Most Improved Player, and Vicki Parker won the Most Valuable Player.*

# VARSITY TENNIS

*In the spring of '84, the Varsity Tennis team, under the coaching of Mr. Friedland, had a near perfect season of 11-1 which earned them the league championship. Then Tony Liguori and Tony DeSorbo went on to win the State Qualifying consolation doubles championships. Friedland felt "ambivalent about the season", with his favorite win being the 1st Hornell match. Senior members included Tony Liguori and Tom Schrier. The only nickname went to Sandeep Patel — "The Deep". Sandeep, along with Todd Phelps won the most improved player award, and Tony DeSorbo won the Most Valuable Player award.*

# TRACK

The Track Team, under Coach Srenta, went undefeated in dual meet competition, 8-0. Coach Stenta said, "The season was a successful one with the Rams going undefeared." Senior members included: Mike Hayes, Greg Zarek, Matt Kashorek, B.J. Jacobs, Dean Everritt, Andy Nadjadi, and Greg Harding. Their favorite win of the year was the last meet in which they downed Avoca, Canisteo, and Arkport to become League Champions.

One of the most memorable happenings was when Dean Everritt knocked out an opposing player during the discus event. To go along with that, their most unusual practice was when the whole team did flips off the equipment shed on to the pole vault mats.

Nicknames included: Pepperoni-Bill Bilancio; Manchu — Matt Kashorek; Hamlin — Greg Zarek; and Golden Boy — Mike Wonderly.

# BASEBALL

*The 1984 Varsity Baseball team, under Coach Bob Rossi, had a fantastic season with a record of 9 wins and 4 losses. Senior members Stacy Putman, Joe "Jo Jo" Duvernay, Mike "Fran" Warren, Sean Tobin, Bob Clark, Jeff "Bull Head" Hunter, and Pat "Paco" Costa, led the team to win the 1984 Viking Invitational Tournament and to beat Canisteo 3 times in one year! The team's most favorite win was standing behind Mark Witt's no-hitter vs. Watkins Glen. The team's most unusual game was when they pulled together to come from a 13-6 deficit in the 6th inning against Hammondsport, rallying to score 9 runs and eventually win 15-14. When Coach Rossi was asked about his feelings on the season, he stated, "With the overall talent these kids had, they gave 110%, achieving as much success or more than most observer's expected. I'm extremely proud of these young men." During the season, awards went to Mike Warren & Jeff Hunter as the "Ki" Sutryk sportsmanship award, Jeff Hunter as the 1984 Viking Invitational Baseball Tournament Most Valuable Player, and Bob Clark as the Elks Club Most Improved Player.*

# J.V. GOLF

*The J.V. Golf team had a 2 win — 2 loss 1984 spring season. Their most unusual memory from practice was having to duck when "unnamed" members hit the golf balls; even if the team was standing behind them at the time. Also, the team will never forget having to chase golf balls in the snow. According to Coach Tom McInroy, the season was a definite learning experience for both the team and himself.*

*Sports in high school are often centered on a round object that could be kicked, bounced or hit with a bat. Football, basketball, and baseball gathered many spectators to fields and courts, but even though the sport of golf was not center stage at Haverling, the members worked very hard for their sport.*

# VARSITY GOLF

*The Varsity Golf team, led by seniors David Moore, Tom McInroy, and Don Mills, went on to 2 wins and 4 losses for their 1984 spring season. The most unusual practice for D'Mo (Dave Moore), M' Ro (Mark Robbins) BO (Brian O'Neil) and the rest of the team was sloshing through the mud in a practice round for the county championship at the Pinnacle. According to Coach Ed Robinson, the team was a co-operative group to work with, even though he was a little disappointed with some of the experienced members who did not play up to their potential. Though it was a dismal season, Coach Robinson enjoyed working with this group of guys.*

# EVEN UNDERCLASSMEN CELEBRATE!

*celebrate celebrate celebrate*

As teachers cracked down more and more on cheating, new and better techniques had to be developed to keep this delicate art alive. In the old days, kids could get by with anything, so consequently a large bulky cheat sheet would do fine. Then some teachers caught on until finally the average size for a basic cheat sheet was about one centimeter square.

Another aspect of the cheating game was signals. Before the test you and your friends had to get your signals straight or both of you would be really messed up. It was truly remarkable to watch two veteran signal cheaters work and know in your mind that the teacher had no idea that the taps and coughs were answers.

There was one more technique that was basic for all cheaters. People just happened to leave their books on the floor open to the chapter that they were being tested on. Then all they needed to do was turn the pages with their feet. While doing this many people acted as though they were just looking at the floor while they concentrated, but they were really looking for a long lost answer.

Another technique is to actually study for the test and "cheat" the teacher out of giving you a failing grade.

# ART CLUB

*Art Club was made up of students interested in expressing themselves by creating things of beauty. The purpose of Art Club is to help make Haverling Central School and the town of Bath a better place to dwell in. It helps them think for themselves and to think creatively. Officers for the 1984-85 year consisted of the Pres. Phyllis Martin, Vice Pres. Pam Hamilton, Sec. Lorrie Gaudino, Tres. Sherman Lyke and S.C. Rep. Bernice Fraizer. The advisor for the club is the Senior High art teacher, Mr. Roemmelt. The Club meets every Wed. at 2:10 to discuss projects that would be of interest to them and to work on projects. Accomplishments of the past include, painting the announcers booth on the football field, Gym Mural, club symbols in the cafeteria and room identification symbols. Recent accomplishments consist of Halloween, Christmas and St. Patricks Day paintings on downtown Business windows. Puppets were made for Bath Hope For Youth, Scenery for two plays a year, Holiday decorations, showcases and bulletin boards at school. Art Club was unique because it finds ways for students to express themselves. It also helps students develop skills of art and creativity through their own minds and Mr. Roemmelts guidance.*

2. *Sherman Lyke, a junior, as a tube of paint ready to decorate the Homecoming parade.*

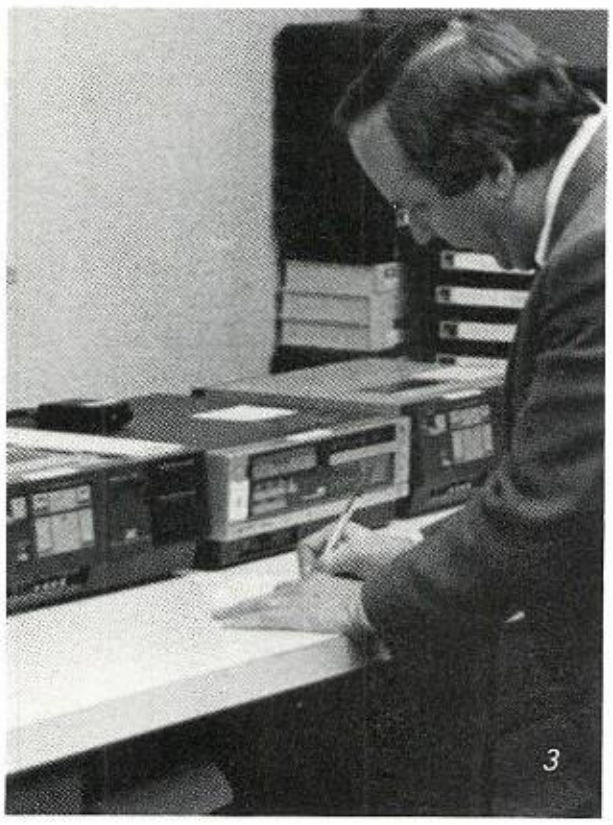
S. Ahrens, D. Chatfield, [illegible] T. Marshall, Mr. [illegible]

# AUDIO VISUAL CLUB

*The Audio Visual Club was different from regular clubs because they don't meet on a certain day. The students work everyday, anytime they have a studyhall or during their lunch time. Mr. Ahrens, the advisor teaches them to work with the Copy machines, Laminater, VCR-VHS, Stereo equipment, Video Camera, TVs, Computers, Slide projecters, Film projecters, Cassette players, Video tapes, Boces film, Thermo fax, and Ditto Machines which are in the A-V Room. Through the school year the students perform Audio Visual and Instructional Television services for the school. They also video tape sports programs, and concerts; service tv and movie projecters and set up computers. The club was formed seven years ago when the A-V room was built. It has improved immensely since then. Making the club unique is that each student receives credit for a work study in the A-V room. It was sometimes heavy, hard work but the jobs they do are a great service to our school. Next time you get a zeroxed test it was probably copied by someone who works in the A-V room.*



# AFS

*The American Field Service Club has chosen their officers for this year, they were as follows: Pres. Keith Nehrke, V. Pres. Lynda Witt, Sec. Gabrielle Harder, Tres. Miquel Fuego, S.C. Rep. Dawn White. They met on Thursdays at 2:15. Our foreign exchange students last year were Paul Latham who went to Italy, Keith Nehrke who went to Japan, Laura Dugo went to Belgium, Amy Beckmen and Lynda Button both went to Finland. This past year Sarah Hille went to Japan and Dan Latham went to England. Major activities this year were exchange programs with other schools, Haverling spent 3 days with Hornell students. The AFS club has a special tradition that the student body likes and that was the Donut Sales which were held on Wed. & Fri. mornings. The money from the sales helped them to pay for the exchange program with Hornell. The AFS club is unique because they introduce new cultures and foreign friends to Haverling.*

# SEVENTH GRADE CHORUS

*While walking through the halls of Haverling, one might hear the young voices of the seventh grade chorus singing. At the end of the sixth grade any interested students audition for the seventh grade chorus. This chorus participates in many activities including the Christmas concert, the vocal program for the elementary school, and the Spring concert. When asked what the purpose of the seventh grade chorus was Mr. Kendall, the conducter, replied, "It introduces the students to three and four part singing and also develops the student's vocal range and their basic music skills."*

# CONCERT CHOIR

*Do you know what group of students appeared on public television this year? Haverling's own Concert Choir. Concert Choir consists of students from grades 10-12 and also a select group of ninth grade students. This year officers of Concert Choir are Pres. Cherri LeGro, V. Pres. Mike Mulford, Sec.-Treasurer Ann Belous, and conductor Mr. Kendall. Besides being one of eight choral groups in the southern tier to appear on WSKG Binghamton this Christmas, Concert Choir also participated in the following concerts; Christmas concert, Mansfield Choral Festival, Spring concert and Baccalureate.*

# ENSEMBLE

*At Haverling we have a very select group of students in grades 10-12 who participate in the Choral Ensemble. This group consists of Concert Choir or Band members who wish to develop their singing skills without a conductor. Besides just singing together, Ensemble is also introduced to choreography and solo work. Along with participating in the Christmas and Spring concerts, they also sing for various school and community clubs like the National Honor Society at the Induction ceremony. They also perform concerts for the Primary and Elementary schools in Bath.*

# CHORALE

*Eighth and ninth grade students who wish to perform in a musical chorus, perform in Haverling's Chorale. Their conductor is Mr. Kendall. This year Chorale was busy with many concerts. They performed at the Christmas concert, the February concert, the Mansfield Choral Festival, a concert for the Elementary school, and the Spring concert. The main purpose of Chorale is to allow the student to continue to develop their basic music skills and to give them a chance to participate in county and state level choruses.*

# FUTURE BUSINESS LEADERS OF AMERICA

FBLA — alias Future Business Leaders of America was made up of students who were out to improve the community and themselves. The club was advised by Haverling's newest business teacher, Mrs. Fletcher. Officers of the club consist of Pres. — Diane Prescott, VP — Adam Deats, Sec. — Ann Kirchoff, Tres. — Linda Coots, Rep. — Holly Dyer, His. — Lorrie Gaudino and Parlia. — Diane Fell. Future plans and projects were discussed by the officers on a given date once a month. FBLA has always washed windows and sold subs. Also, during the year they did engage in selling jewelry. They also became involved in the Big Brother, Big Sister program with the Bath Hope for Youth. FBLA's biggest event was Concord where the students engaged in business competition.

1) FBLA painted faces during the Christmas in July celebration. 2) FBLA member chows down while making subs. 3) FFA goes wild practicing for a three-leg race. 4) FTA showed off their club with a Homecoming float.

Barb Burch, April Hampton, Laurie Crocker, Dean Chatfield, Leigh DePaulo, Lori Obrachta, Diane Wolfe, Miss Jablonovsky

# FUTURE TEACHERS OF AMERICA

FTA — Future Teachers of America, were known for their support of American education and educators. The club was advised by Miss Jablonovsky. Officers of the year 1984-85 consist of Pres. — Laurie Crocker, Sec. and Tres. — Lori Obrachta, SC Rep. — Leigh DePaulo and Am. Ed. Wk. Chairman — Dean Chatfield. Activities for the club included a luncheon during American Education Week for retired teachers, providing for refreshments during Open House, and producing radio announcements in support of Am. Ed. and Educators. The members of the club were involved with aiding teachers in the classroom, tutoring, and record keeping. All this was done in the students' free time. The club is unique because it's made up of kids who enjoy teaching and will probably be teaching in the future!

# FUTURE FARMERS OF AMERICA

FFA, commonly known as Future Farmers of America was made up of students who enjoy farming and may wish to have it as a way of life in future years. It was a club that develops agriculture, leadership, cooperation, and citizenship. The club advisor, Mr. Wolfe, was known as "Farmer Wolfe." FFA held a meeting whenever their spirits moved them, which was just about every day. The club sold apples during October and held the FFA banquet in February. The banquet consisted of a delicious meal, speeches, awards, laughter, and fun. The banquet was held on George Washington's birthday, but no one knows why! Mr. Wolfe stated that the most memorable moments for FFA was watching his students win state and national awards for their achievements. This club was unique because the students must be enrolled in agriculture before they can join the club. The club would also like us to know that they were personal friends with Eddie Albert, you may have seen him on "Green Acres."

# FRENCH CLUB

*French club, advised by Mrs. Hagadorn, elected the following officers: Co-Presidents Cathy Fratarcangelo and Kirsten Ridley; Sec. Jennifer Billings; Tres. Julie Johnson. Over the past five years, French club has grown to be the largest club in Haverling, with over six-hundred members joining each year. This years activities consisted of Initiation, Le Dîner pour Homecoming, a Halloween party and hayride, a Christmas party, Winter Festival, and Mardi Gras. The Mardi Gras was by far the best tradition. The party consisted of dinner and entertainment which was enjoyable to all who attended.*

*Quelle Joie! This year from November 15 to 23rd, there were 21 lucky students and chaperones visiting France. They flew from Toronto to Nice. They toured Monaco and some parts of Italy, too. Then they went on to visit some of the famous Roman ruins and then on to Paris on an overnight train. They visited the beautiful sites, such as the Eiffel Tower, the Arc of Triumph, Notre Dame, The Mona Lisa at the Louvre Museum, etc. The students spent every minute of their free time shopping, meeting and speaking in French, to as many French teenagers as possible, going to sidewalk cafés, eating wonderful French pastries, playing tricks on each other and the chaperones, riding the metro, but most of all, just enjoying a most memorable trip to France.*

# LATIN CLUB

*Latin Club, whose advisor was Mrs. LeRay, elected the following officers: Co-Consuls Nermin Bibawy and Eric Crone; Co-Vice Pres. Anita Spears and Philip Jensen; Sec. Leslie Burkland; Tres. Sue Ann French; Assistant Denise Hallett; S.C. Reps. Chris Lysyczyn and Anne Hicks; and Hists. Valorie Hamilton and Andrea Todd. These officers met after school once a month to discuss plans for the club. Major local activities of the club consisted of the Slave Sale, Pizza Sales, Saturnalia (a Latin Christmas), trips to Canada, and the Roman Banquet. There also were State and National Conventions held once a year.*

*The main event of the year was the Roman Banquet. On the night of the banquet, students arrived in homemade togas. The banquet consisted of a dinner that took place in the cafeteria. The dinner consisted of many courses. They started with eggs and ended with apples. Chicken, salad, olives, and cupcakes were eaten in between. The dinner was all washed down with Haverlings own mulsum (Hawaiian punch). All throughout the dinner there was entertainment of all sorts and the evening ended with everyone feeling a part of Rome and its people.*

# FALL LITTLE

"What? The headline machine broke down again? But it was just fixed!"

"Who wants to type this story super fast?"

"Mrs. Ridley! The photocopier is eating the paper again!"

Throughout the 84-85 school year anyone ambling by room 102 during the journalism class could have heard similar comments emitting from inside.

The Fall & Spring Little staffs had a successful and eventful year under the editorships of Gabrielle Harder — ed. in chief, David Dunn — sports editor, Julie Anthony — features editor and Deanna Coumbe — news editor for the Fall staff and Leigh DePaulo — ed. in chief, Chris Langendorfer — sports editor, Tracie Love — features editor, Molly White — news editor and Sue Moon — headline editor for the Spring staff.

If you were in primary or elementary school during 1972, you could have purchased the first K-six yearbook. The first publication was a royal blue paperback which cost only $2.00. A contest was held that year to name the yearbook, and out of hundreds of entries submitted, Darrin Hercyk's "Kindersix" was chosen.

Since 1972 "Kindersix" has served two important purposes; one was to give the students in kindergarten through sixth grade a memento of the past year. The other purpose was to give the juniors on the staff a chance to put together a yearbook before assuming the overwhelming responsibilities of compiling the "Haverlinguist" in their senior years.

# MATH CLUB

*Math Club, which was advised by Mrs. MacDougal, was a combination of students learning and competing with themselves and other schools. Certificates were awarded to each schools' top five students at the end of the six New York State Math League tests. Tom Schrier and Dave Dunn were two of the students who placed in the top five on the NYSML tests at Haverling last year. This club started out with five students and Mrs. MacDougal spending time together one night a week to investigate areas of special interest in math. The club not only competed in the NYSML Test at Haverling, but also at Alfred State University and Mansfield State College. The unique quality about this club was that there were no officers, and that off-school time was spent on academic areas.*

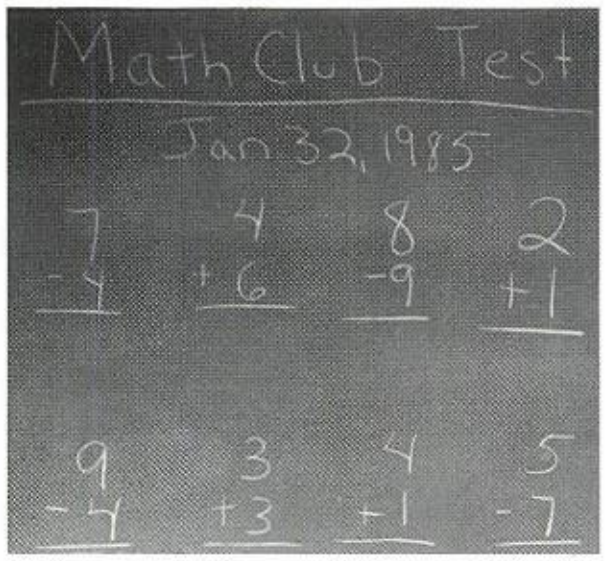
# CHESS CLUB

*"Check Mate" was a term that was often heard in room 104, the home of the chess club. Chess Club was made up of students who enjoyed the strategy and competition of chess. The club met every Tuesday from 2:15-3:00 to play chess and learn new moves and rules of the game. The club started in 1976 and has grown ever since. The club has attended the National Chess Tournament in Cleveland and the State Tournament in Syracuse for the last two years. The club has a monthly chess tournament that's held the last week of each month.*



# RIDING CLUB

*Riding Club was introduced to Haverling in 1973 and is currently advised by our junior high librarian, Miss Wells. The officers elected this year consisted of President — Heidi Parmelee, Vice President — Sue French, Sec. — Michelle Trojanoski, Tres. — Stacia Emo, and S.C. Rep. — Jennifer Naron. The riding club held meetings throughout the year in order to view movies and take trips to nearby horse farms where they could have riding lessons. The club was mainly for those students who wished to learn how to ride, but there were a few who had their own horses. Jody Peterson, a senior, had been in the club since 9th grade and took pride in her own horse, "Shad". Riding Club was a way for horse lovers to get together and do what they liked most — ride horses.*

# S.T.O.P. CLUB

*Have you ever wondered what S.T.O.P. stands for? Well it means Student Teacher Organization to Prevent Nuclear War. This 2 year old club was advised by Mrs. Pretzer and had these officers: President — P.J. Albee, Vice President — Chadd Snell, Secretary — Leon Bedner, Treasurer — Vic Hamilton, S.C. Reps. — Sue Moon and Barb Burch. They usually met on Wednesday for letter writing campaigns to government officials, opinion polls, petitions, and educating the public about the Nuclear Arms Race. S.T.O.P. club is unique because it was the first S.T.O.P. club in Up-State New York. It is also the only club trying to cause a change in government policy.*

# SKI CLUB

*Slipping, sliding and "sometimes" skiing at Swain kept the Ski club and advisor Mr. Spitz busy. Officers for the year were: President — Linda Tetor, Vice President — Jackie Wager, Treasurer — Sandeep Patel, S.C. Reps. — Dean Everritt and Jamie Hawk. Their major club activities were the eight "learning to ski Programs" on Friday nights at Swain. Haverling's Ski club began in 1966 by Mr. Johnson and Mr. Stenta and a small group of interested students. Mr. Spitz took over in 1968. This introduction to skiing program has from 90-100 members. A special tradition was to take a long over night trip most years, sometimes to Vermont. The Ski club is unique because it is open to all students, grades 7-12.*

# STUDENT COUNCIL

*This year's Student Council kicked off the year with the first "Not Necessarily the Olympics," during Homecoming weekend. Other activities they got involved with were dances, Candycane sales, United Way Fund Drive, Homecoming, Free Fare, Rock Band at lunch, S.A.D.D., T-shirt sale, and Carnation sales. They have brought a lot of enjoyment to the students and faculty of Haverling. Their past achievements are Freedom Jam, Redheads Basketball game, and the Coleman Circus. Awards and achievements for this group were the Student Council Honor Banquet, and Student Council pens. When we look back on all the things that are done in this school we have a great group to look at and thank. Officers elected were Linda Witt — President, Nermin Bibawy — Vice President, Mary Ann Fratarcangelo — Secretary, Tracie Love — Treasurer. Their advisor was Mr. Jones. "We got off to a pretty good start this year, even though we had our share of problems. The people we had to work with have been the best, and I hope all future Presidents have half the cooperation, help and fun as I've had." said Linda Witt — President.*

*Boces is a vocational program to help prepare students for a job after graduation. Larry Loucks, a senior, comments "The vocational program prepares you for a career if you weren't planning to attend college."*

*Overall 45% of the students who attended the program entered the field which they studied. Some programs that this project includes are cosmetology, secretarial science and mechanics. Some students enroll in Boces to pick up a skill that will be useful in future years.*

*Others enroll in order to create a hobby that they might enjoy and use as a money maker or small business. Vocational education prepared the students to think and use their hands for the opportunities and advocation they would use throughout their entire life. On the whole, the Boces program helped to fulfill the students desire to become the best at their own trade or skill.*

*The Announcers club was formed 3 years ago, in order to give students the opportunity to speak over a loud speaker, and report coming events in the school. The program is of great use because it gives experience in public speaking.*

*The announcers were chosen the last weeks of the 1984 school year when sign -ups were posted. The club was lead by the fearless & voice cracking Mark Robbins. The club announces activities to come, at 7:40 am & 2:00 pm.*

*Some of the special memories & traditions of this club were having to be done with announcements by exactly 7:45, finding a weird word to wish the students a good day, & Tracie Loves irritating way of announcing over the speaker. And, of course, all those various bloopers added to the fun of this club.*

*The uniqueness of the club is the fact that these students are heard by every person in the school — everyday.*

# SCHOOL STORE

*Our school store was opened in January of 1982, in fond memory of Johnathan Damoth. As well as being a special education student at Haverling, Johnny was a fanatic sports fan. Johnny loved sports so much that he became the manager of the baseball, basketball, and soccer teams.*

*When Johnny passed on, his parents wanted to contribute to sports at Haverling as a memorial to Johnny's memory. Through their generosity the Haverling student store was built. Fifty percent of all the stores profits are contributed to Haverling's athletic program. The other fifty percent of the stores profits go straight to the student council, with which they buy items that are beneficial to the school as a whole.*

*Through these funds the school has acquired such items as: a portable PA system, a new school flag, a new American flag, a new football storeroom, tables for the cafeteria, a newer shower addition for the boys locker room, and other beneficial items. Also, the spring sports banquet is held each year through the Johnny Damoth Memorial Funds. Each year at the banquet a Johnny Damoth Memorial Award is given to a non-participant that has contributed to sports in some way.*

*Our school store is open in the morning before school and for a short time after school. This years student store staff consisted of: Pres. — Liesa Soles, V. Pres. — David Wolf, Sec. — Julie Soles, Treas. — Jennifer Jones, S.C. Rep. — Diane Wolf & Sue Harvey, Employee — Lisa Covell. What made this club special, was that they supplied many of the general needs of the students. Things such as notebooks, pens, pencils, soda, candy bars, gummy worms etc . . .*

# FOREIGN EXCHANGE STUDENTS

## WE ASKED OUR FOREIGN FRIENDS HOW THEY CELEBRATE

*Sylvia Bermejo was our contact from Mexico this year. Upon arriving Sylvia knew almost no English, but she certainly knew how to smile; no matter what you told her.*

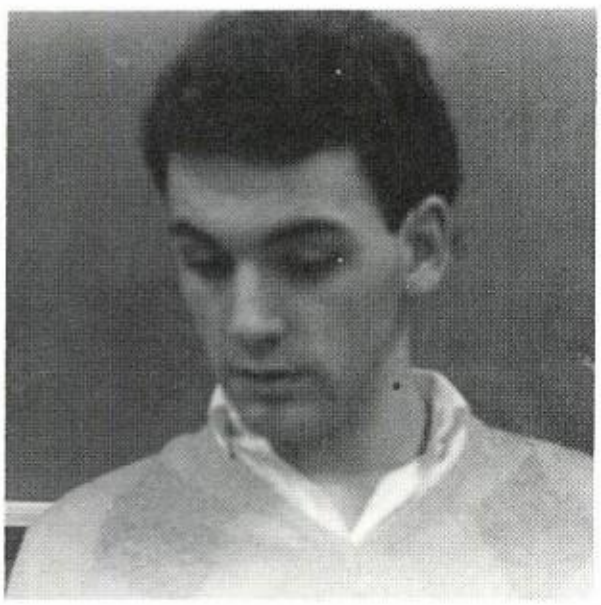
*Mexico's holidays were almost identical to those of the U.S., with few exceptions. Mexico celebrated its Independence day in September along with the date of the Mexican Revolution. They celebrated with out-door dances, with bands and the classic pinata. In April each state in Mexico held their carnivals.*

*Sylvia's not sure she likes the snow in the north. "Too cold, and too wet!" she said. Nevertheless Sylvia tried her hand at skiing.*

*Svend Bjerge, from Godthaab, Greenland, stayed with the Chattfield family.*

*Svend enjoyed many of the new things he experienced in the U.S. He commented on the different colors of the leaves on the trees during fall; there are no trees in Greenland. He also enjoyed hunting in America. He said, "It is very different than hunting reindeer in Greenland.*

*Svend liked being with other students and meeting new people. His 6'7" frame gave him a unique observation point. Celebrating in Greenland was much the same as in the U.S. People would get together and sing and talk and have a good time. Danish holidays fall pretty much on the same days as American Holidays.*



*Miguel Fueyo, came to us from Madrid, Spain in August through the AISE, or American Intercultural Student Exchange, program. While here Miguel participated in soccer, where he won this years most valuable player award in our best season ever.*

*In Spain they celebrate Christmas for 20 days, and they do it without snow! The three kings of Orient follow the North Star bearing their gifts; there is no Santa Claus in Spain.*

*For one week of the year towns have a non-stop party. Young men prove their bravery by running in front of wild bulls set loose on the town streets. In Madrid there are rock concerts and different attractions. Said Miguel, "It's a lot of fun, we dance all night, people sing in the streets."*

*Barbel Supthut came to the United States this year from Dierdorf, West Germany through the Rotary exchange program. She stayed with the Eckhoff family. She enjoyed playing sports and said, "We don't have as much school activities as you have like homecoming, sportsteams or dances." She liked being together with people her own age.*

*Celebrating in W. Germany is very similar to the United States. The U.S. derived many of its holiday customs from the Germanic culture. At Christmas, Barbel decorated her house and living room with large beautiful trees, and, as in the U.S., the gifts go underneath.*

# BOYS STATE

*This year Haverling sent three top senior boys to Boys State for one week. Mike Hayes, Cory Telerico, and Andy Nadgadi were chosen by the faculty and administration to go to Sienna College in Albany, N.Y. The boys stayed in the college dorms and formed different political parties and became representatives of cities and counties. Each floor of the dorm was a county with three cities each, half of the cities were Nationalists, half were Republican. They went to their designated party meetings and developed their own party policies and laws.*

*The County Marine Sargent woke the boys up at 6:30 a.m. for P.T. (physical training). The different counties competed in softball, volleyball and marching drills. Governor Mario Cuomo was in attendance to give a speech about government to the group.*

*Linda Tetor was the only girl picked to attend this years' Girls State held at Albany State. The 338 girls in attendance spent their week in the 20 story high freshman dorms.*

*The girls were divided into wards consisting of 2 floors each. These wards were then assigned two political parties. They were nominated for office. Then they gave a speech and in the case of the winners, an acceptance speech.*

*The girls were given a tour of the city of Albany and treated to the finest cuisine. Lectures were given by prominent government officials. Linda said, "the talks were really great!!"*

# SPECIAL E

*The Special Education program has gotten more and more involved in Special Olympics each year.*

*5 years ago they were strictly involved in individual-type sports such as: track and field, frisbee, physical fitness, and swimming. From those events they took home many medals. The relay team did especially well, taking home many gold medals.*

*In the past few years they moved from just competing in individual sports to team sports. The past 2 years the soccer team has taken home the gold. The softball team also took home a gold this past year. In last winter's tournament the basketball team finished in second place. In the future they hope to participate in floor hockey and cross-country skiing.*

*Each year 4 or 5 athletes from the local meet go to the state meet. Going to the state meet is a great experience for the students. For many of them it is their first big trip away from home. While they are away, they learn how to get along on their own and spend time getting to meet students from all over New York. What they take home from the state meet are memories they will never forget.*

*The Special Olympics program involves over 30 students from Haverling as well as 20 other students from 2 other schools.*

*The Special Education students made up an important work force at Haverling. Period by period their tasks included delivering movie projectors and T.V.'s, running off and delivering dittoes, collecting attendance, and managing the teachers' pop machine with proceeds buying the teachers a new microwave and milk for their coffee.*

*Another aspect of this "Work Experience" program falls on the shoulders of Dean VanSkiver, Bill Quigley, and Joan Snyder. These people guided the workers through their responsibilities such as sweeping the halls and cleaning the restrooms. "These are truly special people in my book!" says Dean VanSkiver. "They keep Haverling looking great for all of us — staff, students, and visitors alike."*

*Mr. Latour directed many of these proud workers through such duties as making and selling buttons, crafts, popcorn, nacho/cheese, and candy after school.*

*Each day, Mr. Latour's students put all the chairs in the cafeteria down in the morning and up in the afternoon. They also rack the daily milk supply for their fellow students.*

*They also did silk-screening, collating, sorting, sold stamps, and grew plants to sell — along with their school and homework, which rounds out a very busy schedule.*

*Plans were in the making to build and maintain a small greenhouse at school.*

*Where else in the world but Haverling!!!*

# NATIONAL HONOR SOCIETY

*The National Honor Society was founded in 1921 by the National Association of Secondary School Principals to encourage the fundamental virtues of Character, Service, Leadership, and Scholarship.*

*Selection for membership in this organization was recognized as one of the highest honors that can be earned by a high school student.*

*Students were selected from a list given to Mrs. MacDougal by the guidance department. The list consists of Seniors with a cumulative average of at least 85, and Juniors with a cumulative average of 90. Rating sheets are then distributed to all Jr-Sr High faculty members. Each student is rated: in each area (scholarship, leadership, service, and character). They also consider extra curricular activities, community involvement, etc.*

*The faculty committee then meets and considers each person. This committee makes the final selection and each decision must be unanimous. Notices of selection are then addressed to those honored.*

*After all that had been done, the present National Honor Society members met, heard who had been selected, and handed out notices to each person honored.*

*On November 28, thirty-three new members were "tapped" into National Honor Society at an evening ceremony in the auditorium.*

*This way was much different than how it was done years before.*

*Years ago, Haverling's inductees were "tapped" at an assembly of the Jr-Sr high student body. They had no previous knowledge of their selection. However, parents were notified so they might attend the ceremony and a reception held after the assembly to recognize the inductees.*

*For many years now, the program has been scheduled in the evening with previous notice of selection given to inductees and invitations to parents, family, and friends.*

*Ushers, members of the sophomore class, led the way for the new members by carrying candles.*

*Speeches on the 4 qualifications for membership were given. Mike Hayes spoke on character, Cherri LeGro on service, Linda Tetor on leadership and Kelly Sheils spoke on scholarship. Before speaking, each lit a candle representing the light of knowledge.*

*Darcy Halifax led the presentation of the inductees and Linda Tetor gave each new member their National Honor Society pin.*

*After a short musical selection by the choral ensemble, Mr. Carlson introduced the guest speaker, Mrs. Fay Phair.*

*After her talk, the new members were escorted into the cafeteria for a reception.*

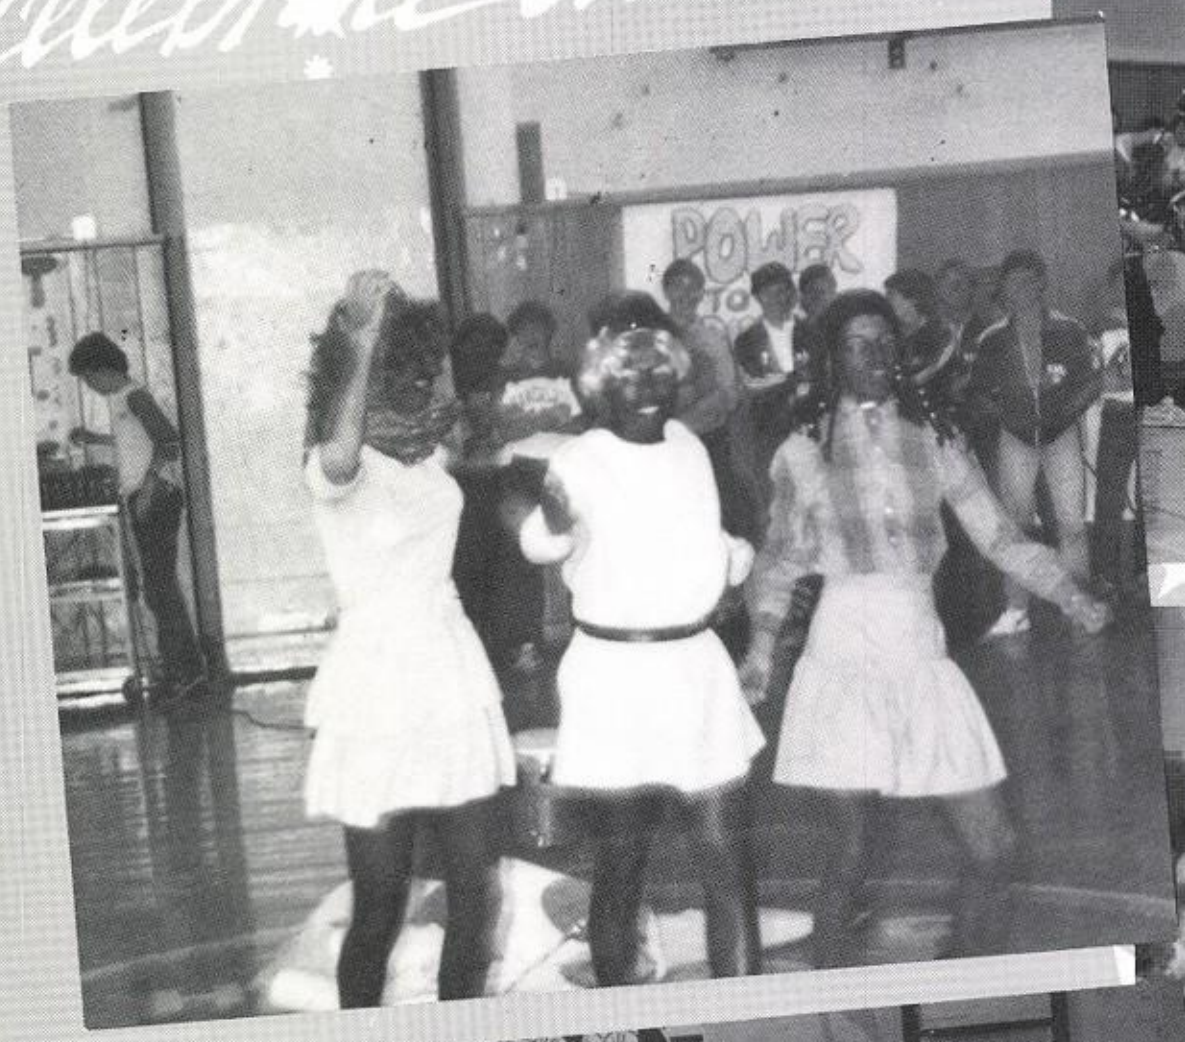
*National Honor Society officers are: Linda Tetor, President; Kelly Sheils, Vice President; Darcy Halifax, Secretary; Mike Hayes, Student Council Representative. Mrs. MacDougal is their advisor.*

# SPIRIT

## celebrate celebrate celebrate

Enthusiasm began to grow as the gym quickly filled with students. The cheerleaders were full of spirit as they started off the first pep assembly of the 84-85 year. Classes carried their own logo's, each trying to be the best. Coaches introduced the members of the athletic teams, and the crowd cheered them on. Not only was the pep assembly full of enthusiasm; it was also full of entertainment. This assembly was to mark the beginning of the first ever, "Not Necessarily the Olympics" at Haverling. Dennis Prescott ran through the gym with the Olympic torch to start off the festivities. The first event was the Air Jam in which each class got 3 minutes to perform. The "Junior Sisters" performed to "I'm so Excited", and won the first contest easily! This pep assembly was by far the best ever here at Haverling.

*Bogardus*



*1. Adam Deats, Shawn Pryor, and Tony Desorbo, danced their way to win the first event of the Olympics. 2. Seniors, Lisa Kilroy, Linda Lodge, Lisa Stumpf, Mary Ann Fratarcangelo, and Gabrielle Harder danced to the song "We're Not Going To Take It". 3. Sophomores, Janice Duvernay, Kathy Shields, and Kirsten Nehrke really get into their song "Ghostbusters". 4. The Freshmen, Darrin Clark, Matt Lyke, Steve Burdick, and Alton Conrad, Jam to the beat of Ratt with the song "Round and Round". 5. Junior High members, Julie Ventura and Qynn Ormsby, racked up some points with their routine. 6. The J.V. Cheerleaders show some of that Rambler pride. 7. The Varsity Cheerleaders tried to get the student body psyched for the athletic seasons ahead. 8. Santa's 7 little reindeer await their big entrance. 9. *'was the day before Christmas vacation when all thru the school not a creature was silent neither scholar nor fool. The banners were hung by Cheerleaders with care, Knowing the student body would soon be there. The girls were all nestled so snug on the floor, when in burst Santa through the gym door, "On Robbins, On Fueyo, On Dinehart, On Townsend, On Czajkowski, On Witt, On Zarek, On Jensen!" And what to our wondering eyes should appear but a colorful sleigh and 8 tall reindeer. Then the little old driver, so lively and quick pulled out of his bag a mighty neat trick. As we drew in our heads and were turning around — out jumped 3 "Pointer Sisters" with a great bound! Their eyes how they twinkled, their dimples how merry. Their hairdos were stunning, their legs slightly hairy. All three sang and danced a mean Boog-a-loo and we all clapped and stomped and sang along, too. And all of us exclaimed as they drove out of sight, "Happy Christmas to all!*

*They were really ALL RIGHT!"*

# FREE FARE

## *celebrate celebrate celebrate*

Which assembly this year proved to be both entertaining and educational? It was the Free Fare assembly sponsored by Student Council. Free Fare was a rock band consisting of five male members. Between the music, screams and craziness, Free Fare presented an important message which dealt with what in a person constitutes her or him a hero. The band began to bring across the message by staging Haverling's own *Star Wars*. Lisa Tolhurst Paul Yaninas, Stan Frazier and Mr. Hagadorn were asked to participate as actors in the movie. By combining the music from *Star Wars, Raiders of the Lost Ark,* **and** *Ghostbusters* and a lot of bad acting, Free Fare got the students on their feet. After the fun and laughter had quieted down, the band stated their message; a hero doesn't have to be the person who comes out on top. The band members of Free Fare felt that every person was a hero as long as they tried their best. Free Fare was an excellent band and they will be welcome at Haverling anytime.

# CELEBRATE THE MOMENTS OF YOUR LIFE

*celebrate celebrate celebrate*

Anxiety flowed through the air as the sun filtered in. Nervousness made itself known in the pit of some stomachs. These were not troops waiting battle, but often the effect was the same. It was report card day, or at least we thought it was.

Haverling converted to a computerized report card system this year. Our grades were marked on coded computer cards that were then fed into the computer and out came our grades! These were then secretly mailed home.

Some students came out smelling like a rose while others met their downfalls. Some couldn't wait to get home because they knew their parents would be very proud, while others dreaded the thought of going home.

Before the end of the grading period, many students awakened to the fact that their grades were not too good. Last minute attempts to bring up the grades, resulted in cramming, extra credit reports and various other projects. For some it helped, but for others, it was too late.

Rewards came at the end of the ten weeks for students who worked hard during the grading period. The most popular reward was money.

Yet, there were others who tried everything to keep their parents from seeing how low their grades were.

The anxiety of waiting for report cards to be mailed home would be remembered a long time. Whether good or bad grades, when "the day" occurred, it was full of mixed emotions and thoughts of another ten weeks to bring them up or keep them steady.

1. Todd Martin working hard in Mechanical Drawing again. (HA!!) 2. Everyone remembers the Senior Wall! 3. Joe Rumsey at his favorite pasttime — did he really eat six doughnuts? 4. Mr. Roemmelt's yearbook staff hard at work. 5. The Enforcer, or is it! 6. Gabby, are you being intelligent again? 7. Reach out and touch someone? 8. Hey Marcy, let Heather talk too. 9. Is that really required for yearbook class? 10. "Miguel, the Spanish fly", that poor pen.

# LASTING IMPRESSIONS

*celebrate celebrate celebrate*

On Monday morning it was too far in the future to think about. Tuesday, you began looking forward to it. By Wednesday you were sure it would never get here. Thursday, you found yourself tired of waiting but thankful that tomorrow was the day you'd waited for all week. Last but not least, Friday was the one school day most students looked forward to. After a tiring week of schoolwork and activities nearly everyone was ready for the weekend and a break from the every day routine. After Friday had finally arrived, many students found that the day usually went by rather slowly. Thoughts of the evening's plans cause many to be anxious for the 2:05 bell. "The only thing I didn't like about Fridays was that my teachers always gave me homework for the weekend," a senior said. For most students Friday evening's plans consisted of dates, ball games, shopping, being with friends or spending time with their family. Of these, dates were probably the most popular Friday evening entertainment. Going to movies, out to eat and shopping were some of the common places students went. School sports were also a favorite place for evenings. Many couples enjoyed going on dates to games and then going out afterwards. Those who didn't have dates, however, liked going to games too because they could be with friends and have a good time. For those who chose not to go out on Friday, staying home could also be enjoyable. Often, couples would go to one another's homes and watch television, play video games or just be together. Whether stu-

While in the Art room, Ruth can't miss a camera 10. The life of a substitute teacher is not an easy one.

# HAVERLINGUIST BUSINESS STAFF

*celebrate celebrate celebrate*

The Haverlinguist Business Staff is chosen from the sophomore class in early spring of each school year. New members are selected through an election process by the Junior and Senior Business Staff members. Each veteran member chooses 10-15 individual sophomores whose names are completed on a list, usually numbering 30-40 individuals. The new staff is chosen from this list through a series of several ballots until the number is down to ten. Those individuals are then invited to join the Business Staff. If an individual accepts the position, the commitment is for two years. The purpose for the two year term is to serve an experienced staff of ten members in perpetuity. The ten experienced staff members help to train the new members by working with them on its various staff projects. There is no substitute for experience. The position on Business Staff includes Business Staff Manager who supervises over all Business Staff transactions, organizes student picture day, and organizes the selling of books. The secretary produces mail lists, general typing, and mails advertisement information to businesses that couldn't be called upon. The treasurer takes charge of all financial records, depositing and mailing of bills. The Layout Editor develops the format of the ad section, and supervises members of the literary staff. During the summer, each member of the staff is given 15 to 25 local businesses to contact as potential advisors for our yearbook. The income from this project produces 25% to 30% of the total cost of the yearbooks. The actual book cost approximately $25.00 to print; since we do not charge the students the total amount the difference in the price is made up through the advertising and the picture program. The Business Staff sells the yearbooks for approximately three weeks in the cafeteria during lunch in October, to over 600 people. A great deal of credit goes to the Business Staff for all their behind the scenes work.

# DAZE OF THE WEAK

*celebrate celebrate celebrate*

Out from the radio comes "It's chicken . . . man!" meant to wake up the dead heads of Bath, N.Y., "He's everywhere!! He's everywhere!!"

"Jimmy you have to get up now, you have five minutes, you better hurry." his mother shouts from down the hall.

Jimmy tries to open his blood shot eyes, after a wild weekend, drops his head back on his pillow, groaning. Seconds later his mind focuses on the time, he leaps out of bed, and dashes to get ready.

After the rushed morning Jimmy was illegally late for school, only to realize that he forgot to do a stack of homework. Has this happened to you? Have you found yourself late countless times on mondays?

Student Marty Heffner remarked "If you can live through a Monday at Haverling you can make it through anything."

Chris Parulski states: "Mondays aren't even thinkable."

Darcy Hallifax said, "I hate getting up after watching the Sunday night movies."

"I hate Mondays" was even one of Garfields biggest complaints thoughout the year! and he was not alone.

Monday blues struck students and teachers alike, as the thought of beginning a brand new week became a reality, with the weekend five long days away. Everyone seemed to enter school with a dull, gloomy feeling on Monday mornings. It seemed to be the longest day of the week, and the end of the school day was the best part of a Monday, a real reason to CELEBRATE!

Back in the 70's there was the Fonz, who made the white T-shirt famous. But in the halls of Haverling the white T-shirt was extinct; being replaced by cut-offs, sports shirts with numbers or names of teams, name brand shirts like PUMA, ADIDAS, NIKE, etc . . . Once in a while you saw a risque shirt, that Mr. Jones made you take off or cover up. Also, we can't forget the Rock Shirts everyone is proud to wear after a concert; they wanted everyone to know that they saw it! Also, there are the homemade T's that they tie-dyed, or ones with funny or strange sayings such as: "My parents went somewhere and all I got was this lousy T-shirt," "Where's the BEEF?" "I'm so happy I could #@!$%&*/C!" "Vote YES for Preparation H!" and many others.

Haverling definitely has one of the greatest assortments of T-shirts around!!

We have good reason to CELEBRATE that:

— Russia isn't where Canada is.

— Someone thought about inventing peanut butter.

— Birds can fly, otherwise cats would have killed all of them.

— Chocolate dissolves in milk or we wouldn't have chocolate milk.

— Baseball isn't played in a gym because the players would be spitting on the floor.

— It's dark at night.

— The speed limit is 55 mph because it keeps most people under 70 mph.

— They invented eyeglasses or book sales would be off sharply.

— The Iranians didn't develop the nuclear bomb before we did.

— There are no pits in marshmallows.

— Chalk is white or you wouldn't be able to see it on a blackboard.

— Shoelaces don't break very often.

— Walter Mondale ran against Ronald Reagan for the presidency because I wouldn't want to do it.

— We have wet tongues or we couldn't lick stamps.

— Grass doesn't grow in the winter because we wouldn't have time to mow the lawn and shovel snow, too.

— Most of us don't have to work weekends or we'd never have time to read all the Sunday paper.

Special thanks to Andy Rooney
